

MX-ONE™ ANALOGUE HANDSET USER TRAINING

The MX-ONE™ Analogue Handset User Training course is designed to enable Users to become familiar with the features their new handset has to offer. The Train the Trainer/Superuser course is designed to enable key personnel to become experts on the system to enable them to train other staff within the organisation and provide an ongoing resource.

It also introduces and builds confidence and competence in using all the functions that the MX-ONE™ Telephony system offers enabling Users to get the best out of their new system.

This course can be carried out on Customers own sites
